National Institute of Educational Planning and Administration

Invites you to join

Online Short Term Programme (STP) on

Integration of Generative AI, Interactive E-Content & Advanced Technologies in Higher Education

12 - 17 October, 2026 | **10.00 to 17.15 hrs**

Objectives

- To develop an understanding of Generative AI, interactive e-content, and advanced technologies in higher education.
- To familiarize participants with AI-enabled tools and their applications in teaching, learning, assessment, and content development.
- To enhance skills in designing interactive, engaging, and learner-centred e-content using digital technologies.
- To explore emerging technologies such as AI, adaptive learning, learning analytics, and immersive technologies for innovative pedagogy.
- To promote the ethical, responsible, and effective use of Generative AI in academic practices.
- To strengthen participants' capacity to integrate technology for improved teaching-learning outcomes and digital transformation in higher education.

Expected Outcomes

After successful completion of this STC online programme, participants will be able to understand and apply Generative AI, interactive e-content, and advanced technologies in higher education. They will be able to develop engaging digital learning resources, use AI-enabled tools for teaching and assessment, and adopt innovative technology-supported pedagogical practices. Participants will also demonstrate awareness of ethical, responsible, and secure use of AI, contributing to effective digital transformation and quality enhancement in higher education.
